Re: Registration for Before/After Care (for 2017-18 school year)

Dear Summit Heights Families,

We have the opportunity to have before and after care at Summit Heights PS for September 2017. In order for this to happen, the service provider (The Learning Enrichment Foundation) needs more parents/families to register/commit to being enrolled in the program.

While we have had an in-person meeting and further electronic communication about the registration, this weekend is the final opportunity for parents to enroll in this program. If we do not have enough children registered, the program will not come to our school for September (any deposits will be fully refunded if this is the case).

Please find more information about the possible before and after care at this web site:
www.lefca.org

To register, complete the registration form (turn over this page if you are reading this as a hard copy, or visit our school web site if you would like an electronic copy, www.summitheightspublicschool.ca) and email to info@lefca.org or fax the form to 416-769-9912. You may also call The Learning Enrichment Foundation at 416-760-2250.

The deadline to register with The Learning Enrichment Foundation is **Tuesday, May 23rd at 12:00 noon.**

Yours sincerely,

B. Mah
Principal
